

Hampton Court House

This lovely property is based just a stone's throw from Hampton Court and the beautiful River Thames. The 'coffee' themed kitchen with an old original coffee dispenser and unique 'Coffee' and 'Cafe' 3d lettering makes this kitchen look cool and modern with a slightly quirky twist. The house is a large newly renovated and extended 3 double bed roomed 1930's semi, with a massive kitchen with plenty of natural light and space. It has by-fold doors leading to a large 90 foot planted garden with lots of space for film crews etc inside and out. There is a large driveway with plenty of off road parking with easy access on a quiet road.
