

Dar Jaguar Marrakech

Dar Jaguar Riad in central Marrakech is a magical fusion of European Romanticism and Oriental Moroccan Architecture. There is a fountain courtyard draped by bougainvillea, dramatic lighting by huge Syrian chandeliers and a rooftop terrace with a fabulous view over the red city and Medina. The perfect size and location for a film crew or for a luxury fashion or lifestyle shoot. Resident staff and assistance with production is available upon request Photography: John Nassari / Art Direction and Styling: Lucia Silver
