

Golf Course - NW7

Founded in 1925, the Clubhouse is a picturesque old Coach House, which offers a wide range of facilities and services based around an 18-hole golf course that was first laid out by J F Abercrombie in 1923, designer of many fine courses including Worplesdon, Coombe Hill and The Addington. The 18 holes are all individually designed and set in 145 acres of mature woodland on the borders of Hertfordshire and North London.
