

# Howard House NW10

Based in Kensal Rise. A large five bedroomed house with a large kitchen / diner and living area. The kitchen has doors leading to the South facing garden, and with the skylight the area is always bathed in natural light. The house has a lovely 1920's / 30's style, with two bathrooms tiled in a slightly art deco style. It is also a corner house with side access and has plenty of on street parking.
