

Little Orchard - Hampshire

Little Orchard is a neo classic Georgian house built in a traditional style but with the addition of contemporary glass elements to the rear. The property has an outdoor swimming pool, garden room, wine cellar, gym and is bathed in natural light. This newly built section has been styled with a bit of retro vintage theme with lots of glass, exposed brickwork and other interesting features. There are some beautiful gardens and the whole property faces south west with beautiful views over the Hawkley Hangars.
