

Modern Twist, Richmond

Originally built in the 1850's as the Gatehouse Lodge for Richmond Park this unique property has been transformed into a stunning example of Victorian meets Modern. This very exciting property is situated on the historic Coombe Estate, once a prestigious stamping ground of amongst others, royalty and politicians. Acquired by the current owners five years ago they, together with award winning architects McGarry Moon (www.mcgarry-moon.com) collaborated to achieve their combined vision for the property. The cottage has been comprehensively and sympathetically modernised to incorporate 21 st Century requirements and expectations whilst retaining its innate charm and character with the use of delicate and gentle interior design schemes. The house boasts seven bedrooms and seven bathrooms and has plenty of outside space.
