

# Art House - Hertford

Home to some of Britain's most larded artists, including Mick Jagger, Lou Reed and Jimi Hendrix, all of whom enjoyed a residency there, The Art House is a past treasure of bohemian artistic culture and a modern day architectural wonder. Consisting of 4 bedrooms, 3 bathrooms, a ballroom and 3 lounges, the Art House is only 45 minutes from London. It offers a wonderful canvas for photographers and film makers, throughout its wondrous interior and splendid grounds. There is parking for many vehicles, as well as an a field, 1 minutes walk away, that can be used for additional parking of larger vehicles. The gardens are mature and include a rustic walled garden.
